SUMMARY

A motivated Full Stack Developer with hands-on experience in building responsive and scalable web applications using the MERN stack. Proficient in React, JavaScript, HTML, CSS, Node.js, and MongoDB. Experienced in developing, testing, and deploying full-stack applications, with a strong understanding of collaborative development practices and agile methodologies. Passionate about building clean, efficient, and user-focused web solutions.

EDUCATION

SDM INSTITUTE OF TECHNOLOGY, Ujire   2021-2025
B.E Computer Science Engineering

SKILLS

Frontend: HTML, CSS, Tailwind CSS, JavaScript, React.js

Backend: Node.js, Express.js, Python, Django

Web Concepts: REST APIs, Authentication, CRUD Operations

Tools & Practices: Git, GitHub, VS Code, Postman, npm, Agile Methodology

Design: Figma (UI Design, Wireframing)

Soft Skills: Problem Solving, Time Management, Team Collaboration

INTERNSHIP

Dlithe Consultancy Services Pvt. Ltd., Bengaluru   Feb – May 2025

Worked on full-stack web applications using the MERN stack. Built and tested RESTful APIs, implemented authentication, and managed MongoDB databases. Collaborated in agile sprints using GitHub, Jira, and VS Code, and deployed applications to production environments.

Varcons Technologies Pvt. Ltd., Bengaluru   Sep – Oct 2023

Developed responsive web interfaces using HTML, CSS, JavaScript, and React. Contributed to UI improvements and followed real-world development workflows using Git and GitHub.

PROJECTS

Charity Efficiency Management System — MERN Stack

- Developed a full-stack system to manage charity operations and user data efficiently.
- Implemented authentication, dashboards, and MongoDB integration.

Weather Web Application — JavaScript

- Created a responsive weather application using real-time API data.

Smart Expense Tracker with AI insights — Next.js, React, Tailwind, Prisma, Neon

- Built a responsive UI using **Next.js, React (TypeScript), and Tailwind CSS** for tracking and visualizing expenses.
- Managed data and analytics with integrated backend logic for AI-driven insights.
